

TOWNSHIP OF GREENWICH

WATER DEPARTMENT

Greenwich Township Residents

Starting on Sunday April 2, 2017 and continuing until completion, the Water Department will be flushing the distribution system. We will be flushing between 10:00 PM & 6:00 AM each day. We will not be flushing during the Weekends. While we are flushing you may experience low water pressure, very low water flow, and discolored water. We apologize for any inconveniences this may cause, but the flushing is necessary to clean and maintain the distribution system. Please check your water prior to any Use.

Your Patience is Greatly Appreciated
