

Pipeline Replacement Project

LADNER AVENUE AND OTHERS PROJECT

South Jersey Gas is improving our natural gas infrastructure that provides safe, reliable, affordable natural gas to 400,000 customers across southern New Jersey.

The upcoming work in your neighborhood is part of our company's ongoing pipeline replacement program, which upgrades aging natural gas mains and services with new, durable plastic.

We may dig on your property as part of this work. A temporary repair will be made until final restoration occurs, typically within 60 to 90 days. Openings in concrete will be temporarily patched with asphalt until final restoration occurs. Openings made in grass areas during the winter may not be restored until warmer weather to facilitate growth.

Residents along this project route will have access to and from their properties at all times. Appropriate traffic control personnel will direct motorists and pedestrians around all work.

We take great care in implementing construction practices that limit disturbances to residents and we understand that your time is valuable. We appreciate your patience and thank you in advance for your cooperation.

Project Information

If you have questions or would like more information, please call 609.561.9000 ext. 8805 and reference the Ladner Avenue and Others Project.

Municipality

Greenwich Township

County

Gloucester

Project Timeframe

September 2022 - December 2022

Streets Directly Affected

Congress Drive
Crescent Avenue
Croce Avenue
Ladner Avenue
Maria Avenue
Marshall Avenue
Sheridan Drive
Swedesboro Avenue
Windsor Drive

Project Scope

- Work will take place Monday through Friday, from 7:00 a.m. to 5:00 p.m. Some Saturday work during the same time frame may occur.
- Our certified contractor will replace aging gas mains with new, durable plastic pipe.
- Service lines from the gas main in the street up to the gas meter will also be replaced.
- If your gas meter is located inside of your home or business, it will be relocated outside.
- Your gas service will be temporarily turned off but will be restored as quickly as possible, in most cases within 8 hours.

IMPORTANT INFORMATION

Dear Homeowner:

At South Jersey Gas, we're continually improving our system that brings safe, reliable, affordable natural gas to our customers. We wanted to make you aware that **J.F. Kiely Construction Co.**, a qualified contractor representing South Jersey Gas, will be in your area in the coming weeks to replace, upgrade or extend our natural gas system.

As a homeowner in the project area, you will receive a doorhanger prior to the start of work on your street. The door hanger will include our contractor's name and contact information, as you will need to schedule an appointment with them so they can upgrade or install your natural gas service and perform safety checks. You will also receive a fact sheet providing more information about the steps involved in the construction process, including post-construction restoration of impacted areas.

It is the homeowner's responsibility to mark out any private underground conditions on the property, such as sprinklers, electric dog fences, private wells, septic systems and landscape lighting. South Jersey Gas or our contractor will call 811 to mark out any public underground conditions.

If you have additional questions, please call:
Your South Jersey Gas Coordinator at **609.561.9000 ext. 8805**

Or contact our contractor:

732.921.2356
sallen@kielybuilds.com

All inquiries will be returned within two business days.

Sincerely,

South Jersey Gas

PLEASE RETAIN THIS LETTER FOR FUTURE REFERENCE AND CONTACT INFORMATION.

INFORMACIÓN IMPORTANTE

Estimado propietario:

En South Jersey Gas, nuestro compromiso es mejorar continuamente el sistema que distribuye gas natural a nuestros clientes de manera segura, confiable y accesible. Nos comunicamos para informarle que **J.F. Kiely Construction Co.**, un contratista calificado que representa a South Jersey Gas, estará trabajando en su zona en las próximas semanas para reemplazar, actualizar o ampliar nuestro sistema de gas natural.

Por ser propietario de una vivienda ubicada en la zona del proyecto, dejaremos un aviso en su puerta con anterioridad al inicio de las obras en su calle. En el aviso se detallará el nombre del contratista y los datos de contacto, debido a que tendrá que concertar una cita con él para que se pueda proceder a la actualización o instalación del servicio de gas natural y realizar las pruebas de seguridad. También recibirá una hoja de información con el detalle de los pasos del proceso de construcción, que incluirán la recuperación posterior a la construcción de las zonas afectadas.

Es responsabilidad del propietario identificar las conexiones subterráneas de la propiedad, como por ejemplo, aspersores, cercas electrificadas para perros, pozos de agua privados, sistemas sépticos e iluminación de jardines. South Jersey Gas o nuestro contratista llamará al 811 para identificar las conexiones públicas subterráneas.

Si tiene más preguntas, no dude en comunicarse con nuestro coordinador de South Jersey Gas llamando al **609.561.9000 extensión 8805**

o con nuestro contratista:

732.921.2356

sallen@kielybuilds.com

Todas las consultas se responderán dentro de los dos días hábiles.

Atentamente,

South Jersey Gas
